## Nassau County Recording Fee Increase

---

**November 5, 2010**

Nassau County has amended its Administrative Code with respect to the recording and indexing of documents.

Currently the fee to index a document against a block within the county of Nassau carries a fee of \$10. Effective December 1, 2010 that fee will increase to \$75 for each block under which such instrument will be indexed against.

If the proper fee is not submitted on all documents tendered for recording on or after December 1, 2010, the County Clerk will not accept for recording.
